Sentinel C20®

LEAK TEST INSTRUMENT
Sentinel C20 Leak Test Instrument

The compact wall mount Sentinel C20 World Edition instrument is the industry’s most cost effective pressure decay leak test instrument. Designed with the same 32 bit processor and 24 bit A/D technology as all Sentinel instruments, the C20 is known for accuracy, speed, and repeatability.

Standard C20 Pressure Decay Test Types

- Pressure or vacuum decay - leak std
- Pressure or vacuum decay - ΔP
- Pressure or vacuum decay - ΔP/ ΔT

Instrument Highlights

Superior Performance

- Leak rate measurement resolution: 
  - PD 0.0005 scc/min
- Pressure ranges: -14.5 to 100 psig
- Powerful 32-bit processor
- 24 bit A/D converter
- Optimized pneumatic manifold
- Environmental drift correction
- Absolute pressure transducer

Global Friendly

- Language neutral operator interface
- Multi-language - software selectable
  - English, Spanish, Chinese, and Korean
- Smart voltage selection
- International power cable included

Low Maintenance

- Reduced wear – long life valves and manifolds
- Self-Test function

Custom benchtop leak test system utilizing the C20 pressure decay instrument with interchangeable fixtures to test a variety of parts
**Sentinel C20 Features**

**Test Range Options**
- Pressure: -14.5 to 100 psig

**Data / Communications**
- Data storage to 5,000 events
- 4 part program storage
- 6 inputs / 3 outputs with 1 programmable seal motion
- Auto calibration
- RS232 communication
- Test result data transmission

**Product Enhancements**
- Patented Auto Setup
- Quik Test reduces cycle time
- High contrast color display

LEAK TEST SOLUTIONS AND SOFTWARE FOR IN-PROCESS DATA ANALYSIS

CTS, CTS-Schreiner and Sciemetric are subsidiaries of the TASI Group. In November 2017, the three companies came together within TASI's Product Integrity Division. We are unified by the fact that we are “Better Together.” Together, we deliver the broadest leak test portfolio in the industry. Together, we serve our customers through a global network of offices and partners. Together, we will harness the power of the Industrial Internet of Things and bring all of its potential to industrial companies worldwide.
